MARIN EMERGENCY RADIO AUTHORITY
PURCHASING POLICY AND PROCEDURES

Purpose: To outline the manner in which MERA purchases goods and professional services and procures construction.

Policy: MERA payments for expenditures are made by one of two methods: vendor invoice and wire transfer. Payment from MERA Funds for expenditures or indebtedness will be made only upon authorization of the Executive Officer or Executive Committee, consistent with Board-approved budgets for all MERA funds, and in accordance with Amendment No. 4 of the Joint Powers Agreement creating the Marin Emergency Radio Authority as follows:

- 1) The Executive Officer shall have the authority to approve expenditures, including but not limited to contracts, contract amendments, purchase orders, and change orders to existing contracts, in an amount not exceeding \$10,000, provided such expenditures are consistent with the adopted annual budget. The Executive Officer shall inform the Executive Committee of any such expenditures at its next meeting.
- 2) The Executive Committee shall have the authority to approve expenditures, including but not limited to contracts, contract amendments, purchase orders, and change orders to existing contracts, in an amount not exceeding \$100,000, provided that such expenditures are consistent with the adopted annual budget. The Executive Committee shall inform the Board of any such expenditures at the next meeting of the Board.

Procedures: To assure effective checks and balances in expenditure approvals, payment issuance, and purchasing at the most favorable price, the following steps are required:

- 1) The Executive Officer reviews all invoices (including monthly/quarterly pro-forma bills from annual invoices) and wire transfers for accuracy, payment timing, sufficient budget, appropriate account code assignment, and authorizes payment.
- 2) The NFPD Accounting Specialist enters invoice information into the accounting system to initiate check issuance or contacts County Auditor-Controller Staff to create wire document(s).
- 3) The NFPD Finance Director reviews approved expenditures for completeness and accuracy and approves check issuance.

- 4) All checks require two signatures (a MERA Board or Executive Committee Member or Alternate). Checks are drawn on MERA accounts within the County of Marin, against funds on deposit with the County's bank, Bank of America.
- 5) The NFPD Accounting Specialist encloses checks with original invoices and mails to vendors.

Purchases by Executive Committee: The Executive Officer shall submit to the Executive Committee requests for purchases of goods and professional services and procurement of construction in amounts or estimated amounts in excess of \$10,000, not to exceed \$100,000. Purchases exceeding \$100,000 must be approved by the Board. The Executive Committee shall authorize or approve goods and services procurement by one of the following methods:

- Formal Advertising

Procurement by competitive bids and awards is the required method of procurement for purchases of goods and services in excess of \$10,000 unless negotiation is permitted. Bids shall be solicited by public notice, except where the Executive Committee or Board makes a finding, recorded in its minutes, that competitive bidding would not be in the public interest. The method and extent of public notice shall be prescribed by the Board in accordance with applicable County requirements. All bids submitted shall be submitted, sealed, to the Executive Officer or designee. The Executive Committee or Board may reject any or all bids for any or all goods and services. A tabulation of all bids received, whether accepted or rejected, shall be open for public inspection. Unless all bids are rejected for good cause, award shall be made to the lowest responsible bidder. In determining the lowest responsible bidder, the Executive Committee or Board shall take into consideration the quality offered and its conformity with the specifications, the delivery, discount terms, and conditions of the bids, and other information and data required to prove the responsiveness and responsibility of the bidder.

- Negotiation

The Executive Committee or Board may negotiate contracts for contractual services as it determines necessary to accomplish sound procurement, and the negotiations shall be conducted in a manner to provide to the maximum practicable extent open and free competition appropriate to the type of work to be performed. Negotiation for contractual services is permitted for the following situations:
