INDEPENDENT AUDITORS' REPORT

To the Governing Board Members and Alternates of
Marin Emergency Radio Authority

We have audited the accompanying financial statements of the Marin Emergency Radio Authority (the Authority) as of and for the year ended June 30, 2014, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The budgetary comparison schedules, schedule of member operating and service payments, and schedule of future debt service requirements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison schedules, schedule of member operating and service payments, and schedule of future debt service requirements (the Schedules) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The Schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's Discussion and Analysis provides an overview of the Marin Emergency Radio Authority (MERA) financial activities for the fiscal year ended June 30, 2014. Please read it along with the Authority's financial statements, which begin on page 7.

FINANCIAL HIGHLIGHTS

The Authority's net position decreased by \$1,744,000 during the year. Total revenues increased by \$59,000 and total operating expenses increased by \$288,000 and non-operating expenses decreased by \$29,000 as compared to fiscal year 2012-13.

Budgetary comparison schedules are included in the supplemental information section. Below is a summary of variances when comparing actual activity with budgeted activity:

	Revenue Variance Positive (Negative)	Expenditure and transfer Variance Positive (Negative)	Net Variance Positive (Negative)
Operating Fund (70030)	\$ 1,215	\$ 150,971	\$ 152,186
New Project Financing Fund (70032)	\$ 405	\$ 57,410	\$ 57,815
Refunding Revenue Bonds Fund (70035)	\$ 8,519	\$ 21,975	\$ 30,494
Replacement Fund (70036)	\$ 1,207	\$ 192,156	\$ 193,363
Emergency Fund (70037)	\$ 567	\$ -	\$ 567

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to MERA's basic financial statements. MERA's basic financial statements comprise two components: (1) government-wide financial statements and (2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

The Statement of Net Position presents information on all of MERA's assets, deferred outflows of resources, and liabilities, with the difference between assets, deferred outflows of resources, and liabilities reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of MERA is improving or deteriorating.

MARIN EMERGENCY RADIO AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Continued)

The Statement of Revenues, Expenses and Changes in Fund Net Position presents information showing how MERA's net position changed during the fiscal year. All changes in net position are recognized at the date the underlying event that gives rise to the change occurs, regardless of the timing of the related cash flows.

The Statement of Cash Flows presents information about MERA's cash receipts, cash payments and net changes in cash resulting from operations, investing, and financing activities. This statement shows the sources and uses of cash, as well as the change in the cash balances during the fiscal years.

Management of MERA is a single-purpose entity that has elected to account for its activity as a proprietary fund type under governmental accounting standards. Accordingly, MERA presents only government-wide financial statements.

Changes in MERA's net position follows:

	<u>2014</u>	<u>2013</u>	<u>Increase (decrease)</u>
Current assets	\$ 4,091,376	\$ 4,335,053	\$ (243,677)
Capital assets	11,545,562	14,742,746	(3,197,184)
Restricted assets	1,434,500	1,588,000	(153,500)
Total assets	<u>17,071,438</u>	<u>20,665,799</u>	<u>(3,594,361)</u>
Deferred outflows of resources	60,967	81,069	(20,102)
Current liabilities	2,003,868	2,030,908	(27,040)
Long-term debt	14,310,783	16,153,792	(1,843,009)
Total liabilities	<u>16,314,651</u>	<u>18,184,700</u>	<u>(1,870,049)</u>
Net position:			
Net investment in capital assets	-	91,618	(91,618)
Restricted bond debt service	709,359	526,450	182,909
Unrestricted	108,395	1,944,100	(1,835,705)
Total net position	<u>\$ 817,754</u>	<u>\$ 2,562,168</u>	<u>\$ (1,744,414)</u>

Depreciation of capital assets resulting in a reduction of capital assets (net of depreciation) more than offset the cost of additions to the radio system. The largest component of current liabilities is debt payable due within one year. Long-term debt decreased as the scheduled payment for the bonds issued in 2010 was made during 2013-14.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Continued)

Changes in MERA's revenues and expenses were as follows:

	<u>2014</u>	<u>2013</u>	<u>Increase (decrease)</u>
Revenues:			
Operating revenues			
Member operating payments	\$ 1,651,432	\$ 1,591,930	\$ 59,502
Nonoperating revenues			
Member service payments	2,346,325	2,347,375	(1,050)
Investment income	11,727	11,568	159
Miscellaneous income	186	-	186
Total revenues	<u>4,009,670</u>	<u>3,950,873</u>	<u>58,797</u>
Expenses:			
Operating expenses	5,237,503	4,949,498	288,005
Non-operating expenses			
Interest expense	<u>516,581</u>	<u>545,643</u>	<u>(29,062)</u>
Total expenses	<u>5,754,084</u>	<u>5,495,141</u>	<u>258,943</u>
Increase (decrease) in net position	<u><u>\$ (1,744,414)</u></u>	<u><u>\$ (1,544,268)</u></u>	<u><u>\$ (200,146)</u></u>

Member operating payments increased from 2012-13 as indicated in the budget. Investment earnings held fairly constant from the prior year as a decrease in fair market value of investments at year end partially offset interest and dividend earnings. The increase in operating expenses relates mostly to increased spending on public education and outreach. Interest expense decreased as we continue to make scheduled payments on the 2010 Revenue Bonds.

CAPITAL ASSET AND DEBT ADMINISTRATION

MERA owns various communication systems and equipment. More information about capital assets is shown in note 3 to the financial statements.

As scheduled, MERA paid bond principal of \$1,535,000 and bond interest of approximately \$564,000. Principal and interest related to our loan from Citizen's Bank amounted to \$141,000 and \$67,000, respectively. The statement of revenues, expenses and changes in net position report the interest payments adjusted for accruals and amortization.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Continued)

THE FUTURE OF THE AUTHORITY

The MERA Governing Board, per its strategic plan, approved the Next Generation System Project Financing Plan utilizing parcel tax revenues for the police and fire services portion of the Project and MERA Reserves for non-police and fire project costs.

This action was taken in anticipation of obtaining 24 member agencies' resolutions of support for the project and parcel tax and requesting the County of Marin to place a parcel tax measure on MERA's behalf on the November 2014 Ballot.

The Authority continues to seek grants, through the county of Marin, to assist with Project costs and has ongoing member support for Next Gen System operating costs.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the Authority's finances and to demonstrate MERA's accountability for the funds under its stewardship.

Please address any questions about this report or requests for additional financial information to 95 Rowland Way, Novato, CA 94945.

Respectively submitted,

Maureen Cassingham

MARIN EMERGENCY RADIO AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The Marin Emergency Radio Authority (MERA) is a joint powers authority created on February 28, 1998 by and among the County of Marin and certain public agencies within the County (collectively, the "Members"). MERA was formed to plan, finance, implement, manage, own and operate a multi-jurisdictional and countywide public safety and emergency radio system. This radio system will be used by member agencies in the law enforcement, fire management, emergency medical, road maintenance, transit, public works, local government and other county-based entities in Marin County. MERA is governed by a Governing Board comprised of one appointed official from each participating member

INTRODUCTION

MERA's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations.). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements.

BASIS OF ACCOUNTING

The Authority's operations are accounted for as a governmental enterprise fund. GAAP requires that enterprise funds use the accrual basis of accounting – similar to business enterprises. Accordingly, revenues are recognized when they are earned and expenses are recognized at the time liabilities are incurred.

MARIN EMERGENCY RADIO AUTHORITY

**NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2014**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The Authority distinguishes between operating and nonoperating activities. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an entities principal ongoing operation. The principal operating revenues of the Authority are budgeted member payments. Operating expenses include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition, including member contributions made to service debt (service payments), are reported as non-operating revenues and expenses.

FINANCIAL STATEMENT AMOUNTS

CASH AND CASH EQUIVALENTS:

For purpose of the statement of cash flows, MERA has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments within the County of Marin Treasurer's Pooled Investment Fund.

Investments:

Investments with fiscal agents are stated at fair value. These investments consist of cash and debt securities held by Bank of New York Mellon Trust Company in connection with the Marin Emergency Radio Authority 2010 Revenue Bonds (see Note 4).

Capital Assets:

MERA capitalized all costs directly associated with the acquisition, development and construction of the public safety and emergency radio system (the "Project"). Costs include the backbone system, user equipment, fire station alerting equipment, improvements to communications centers and construction-period interest and other project development costs. Depreciation is computed on the straight-line basis over estimated useful lives of the assets, depending on the nature of the assets. The original estimated lives were:

Buildings and improvements	10-20 years
Equipment, radio and other	5-20 years

Based on an analysis of capital assets currently in place, management has determined that the useful lives of the majority of MERA's assets do not extend past 2018. Accordingly, depreciation expense on most assets have been accelerated to match this timeline.

MARIN EMERGENCY RADIO AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

FINANCIAL STATEMENT AMOUNTS (continued)

Member payments:

Each member agrees to pay the cost of financing the acquisition of certain public safety radio equipment (“Service Payments”) and the cost of annual operations (“Operating Payments”) in an amount determined by the MERA Board for each operating period. All service payments have been assigned by MERA to the trustee in trust; pursuant to its bond indenture (see Note 4).

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. CASH AND INVESTMENTS

MERA maintains most of its cash in the County of Marin pooled investment fund for the purpose of increasing interest earnings through pooled investment activities. Interest earned on the investment pool is allocated quarterly to the participating funds using the daily cash balance of each fund. This pool, which is available for use by all funds, is displayed in the financial statements as “Cash.”

The County Pool includes both voluntary and involuntary participation from external entities. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer.

The County’s investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Treasurer are regulated by the California Government Code and by the County’s investment policy. The objectives of the policy are in order of priority, safety, liquidity, yield, and public trust. The County has established a treasury oversight committee to monitor and review the management of public funds maintained in the investment pool in accordance with Article 6 Section 27131 of the California Government Code. The oversight committee and the Board of Supervisors review and approve the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the members of the oversight committee and the investment pool participants every month. The report covers the types of investments in the pool, maturity dates, par value, actual costs and fair value.

MARIN EMERGENCY RADIO AUTHORITY

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2014

2. CASH AND INVESTMENTS (continued)

Under MERA's investment policy, and in accordance with Section 53601 of the California Government Code, MERA may invest in the following:

- Securities of the U.S. government or its agencies
- Bankers acceptances
- Commercial paper
- Medium term corporate notes
- California Local Agency Investment Fund ("LAIF")
- Passbook savings account demand deposits
- Guaranteed investment contracts
- Mutual funds
- Repurchase agreements (not to exceed 30 days)
- Collateralized mortgage obligations

INTEREST RATE RISK

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Duration is a measure of the price sensitivity of a fixed income portfolio to changes in interest rates. It is calculated as the weighted average time to receive a bond's coupon and principal payments. The longer the duration of a portfolio, the greater its price sensitivity to changes in interest rates. MERA has not adopted a policy to manage interest rate risk.

In accordance with its investment policy, the County manages its exposure to declines in fair values by limiting the weighted average maturity of its investment pool to 540 days, or 1.5 years. At June 30, 2014, the County's investment pool had a weighted average maturity of 264 days.

For purposes of computing weighted average maturity, the maturity date of variable rate notes is the length of time until the next reset date rather than the stated maturity date.

MARIN EMERGENCY RADIO AUTHORITY

**NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2014**

2. CASH AND INVESTMENTS (continued)

CREDIT RISK

State law and the County's Investment Policy limits investments in commercial paper, corporate bonds, and medium term notes to the rating of "A" or higher as provided by Moody's Investors Service or Standard & Poor's Corporation. The County's Investment Policy limits investments purchased by Financial Institution Investment Accounts, a type of mutual fund, to United States Treasury and Agency obligations with a credit quality rating of "AAA."

MERA has cash and investments held by Bank of New York Mellon Trust Company (BoNY) as trustee relating to its outstanding bonds. Investments include money market funds and an obligation of the Federal Home Loan Mortgage Corporation (FHLMC) that matures in December 2016 and bears interest at fixed rate of 0.75%.

As of June 30, 2014, investments held by BoNY (including \$1,435,000 restricted for debt service) were as follows:

	<u>Cost</u>	<u>Market</u>
FHLMC obligation	\$ 1,880,000	\$ 1,879,380
Money market funds	2,020,713	2,020,713
Total	<u>\$ 3,900,713</u>	<u>\$ 3,900,093</u>

CONCENTRATION OF CREDIT RISK

This is the risk of loss attributed to the concentration of MERA's investment in a single issuer.

Following is a summary of the concentration of credit risk by investment type of the Marin County Investment Pool as a percentage of fair value at June 30, 2014.

Investments in Investment Pool	<u>Percent of Portfolio</u>
Federal agency issues - coupon	24%
Federal agency issues - discount	73%
Money market funds	<u>3%</u>
	100%

MARIN EMERGENCY RADIO AUTHORITY

**NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2014**

2. CASH AND INVESTMENTS (continued)

CUSTODIAL CREDIT RISK

Custodial credit risk for deposits is the risk that in the event of a financial institution's failure, MERA would not be able to recover its deposits. Deposits are exposed to custodial credit risk if they are not insured or not collateralized. MERA's deposits are not exposed to custodial credit risk as its deposits are eligible for and covered by "pass-through insurance" in accordance with applicable law and FDIC rules and regulations.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, MERA would not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in MERA's name, and held by the counterparty. MERA's investment securities are not exposed to custodial credit risk because all securities are held by MERA's custodial bank in MERA's name.

3. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2014 was as follows:

	Beginning balance	Additions	Ending Balance

In February 2010 MERA re-financed its 1999 Revenue Bonds (Bonds) that were originally issued to finance the acquisition public safety radio equipment. The 2010 bonds were issued at a premium of \$934,382 above their nominal value of \$18,575,000. Issuance and related costs totaled \$409,249. These serial bonds mature annually from 2012 to 2021 and bear interest from 2.0% to 4.0%.

Principal payments are payable annually on August 15th. Interest is payable semiannually on August 15 and February 15. Bonds maturing after August 15, 2021 may be early redeemed at face value after August 2020. The Bonds are special obligations of MERA and are secured by the Members' Service Payments (see Note 1) which are remitted directly from members to the bond trustee (Bank of New York Mellon Trust Company). The annual schedule for debt service payments is as follows: Member agency Service Payments are due by August 1 of each year. The Trustee holds the Service Payments until payments are due for interest on the following February 15 and principal and interest the following August 15.

In accordance with the bond indenture agreement, the Trustee holds \$1,435,000 to satisfy a reserve requirement until all bonds are retired.

NOTES TO SUPPLEMENTAL INFORMATION YEAR ENDED JUNE 30, 2014

BUDGETS

The budget included in these financial statements represents the original budget and amendments/additional allocations approved by the Board of Directors. The budgetary basis is the modified accrual basis of accounting. Various reclassifications have been made to the actual amounts to conform to classifications included in the approved budgets.

DESIGNATIONS AND RESERVES

The New Project Financing – 2007 Bank Note Fund is used to fund additional project costs and pay interest and principal on the loan with Citizens Business Bank.

The 2010 Refunding Revenue Bonds Fund is used to pay interest and principal on the bond related to the acquisition of the public safety radio equipment.

The Replacement Fund is designated for repairing, improving or replacing the MERA communications system or any component thereof.

The Emergency Fund is designated to immediately address any emergency conditions causing or likely to cause system service interruptions before insurance is available, for underinsured or uninsured losses and to self-insure liability and property insurance deductibles.
