Recommended Action: Approve the request for 5 dual-band radios to be added to the MERA system.

Airport

Background: On March 11, 2015, your Board approved an Additional Radios Policy and Procedures for additional radio requests. The following entities are requesting the addition of the following radios:

Building Maintenance

Sausalito Police Department	5
-----------------------------	---

Capital Projects

The request (attached) was vetted through the Operations Issues Work Group and were found to be acceptable given that the new radios will have two bands for operation on the current and Next Gen Systems.

Certified Unified Program Agency (CUPA)

Communications Maintenance

The Additional Radios Policy and Procedures requires the entity to pay for these radios and all costs associated with programming and alignment. In addition, training is recommended for all users before the radios are released for use, based on the end user curriculum approved by MERA. Training can be provided by the entity if they have an approved trainer on staff, or provided by Marin County staff with all costs borne by the entity.

Assistant Director Klock,

The Sausalito Police Department is requesting 5 additional radio IDs be added to the MERA system. These radio IDs are for mobile radios that were purchased during the second round of early orders.

The radios are dual-band and will work on the existing system and MERA next generation.

If you have any questions, please feel free to contact me.

Sincerely,
