Section 1. MARIN EMERGENCY RADIO AUTHORITY

The Marin Emergency Radio Authority (the “MERA”) is a Joint Powers Authority in Marin County (the County”), formed in 1998 to plan, implement and manage a County-wide public safety and emergency radio system. This system is available to all member agencies, but its primary purpose is to support police, fire, and general public safety services.

The system helps unify public safety response and ensures communication among individual agencies and departments within the County. MERA provides crucial communications for all County residents, both day-to-day and after a major emergency or natural disaster. MERA radio communications are the backbone of the 911 emergency response system. MERA provides the communication link between 911 public safety dispatch centers and public safety units in the field that respond to emergencies. The MERA radio system gives dispatch centers the ability to assign first-responders within seconds of receiving a 911 call. The system of 17 base station radio and receiver sites provides regional or countywide radio communications among dispatch centers and mobile units throughout the County.

MERA is currently governed by a Governing Board comprised of representatives from each of the 25 member agencies, as follows:

Member Agency	Governing Board Member
Tiburon Fire Protection District	Richard Pearce, <i>President</i>
Town of Corte Madera	Todd Cusimano, <i>Vice President</i>

Section 2. MEASURE A SPECIAL PARCEL TAX

On November 4, 2014, registered voters in the County voted to approve the Measure A 20-year special parcel tax. The special parcel tax is levied County-wide and will be used to replace the County's aging emergency communications system; reduce 911 response times, improve communications reliability during earthquakes, floods, fires and other disasters; and ensure reliable communications among police, fire, and paramedic first responders throughout the County.

Refer to Resolution No. 2014-64, which is included as an appendix to this report, for detail regarding how the special parcel tax for each land use category is determined.

Section 3. LOCAL AGENCY SPECIAL TAX ACCOUNTABILITY

Senate Bill 165 enacted the Local Agency Special Tax and Bond Accountability Act (the "Act"). The Act requires that any local special tax and local bond measure subject to voter approval contain a statement indicating the specific purposes of the special tax or bond, require that the proceeds of the special tax or bond be applied to those purposes, require the creation of an account into which the proceeds shall be deposited, and require an annual report containing specified information concerning the use of the proceeds. The Act only applies to special taxes imposed and bonds issued on or after January 1, 2001, in accordance with Sections 50075.1 and 53410 of the California Government Code.

Some of the requirements of the Act are handled upon the approval of the special tax and/or the issuance of bonds, while other requirements are handled through annual reports. This report intends to comply with Section 50075.3 and/or Section 53411 of the California Government Code, which states:

"The chief fiscal officer of the levying/issuing local agency shall file a report with its governing body no later than January 1, 2002, and at least once a year thereafter. The annual report shall contain both of the following:

- (a) The amount of funds collected and expended.
- (b) The status of any project required or authorized to be funded as identified in subdivision (a) of Section 50075.1 and/or Section 53410."

The requirements of the Act apply to the following special tax:

**Marin Emergency Radio Authority
Measure A Special Parcel Tax
Approved November 4, 2014**

(a) The amount of funds collected and expended:

During Fiscal Year 2017/18, MERA collected \$3,580,471 in Measure A revenue, and expended \$1,197,314 in Measure A revenue.

(b) The status of the project:

In addition to payment of Next Generation Radio System project planning and initial implementation expenses, the following actions were undertaken in Fiscal Year 2017/18 to continue Next Generation Radio System project implementation:

1. Approval of Regional Planning Committee of Next Gen Project Coverage Redesign with 2 new sites.
2. Continued work on overall Next Gen Project Redesign.
3. Commencement of Next Gen Project CEQA Process and Subsequent Environmental Impact Report with acceptance of Summary Project Description, Notice of Preparation and Scheduling of Scoping Meeting and Initiation and Closure of Public Comment Period.
4. Development of Special Studies and Investigations to Inform the Draft SEIR including Biological Surveys, Cultural Resource Studies, Radio Frequency Hazards Analyses and Aesthetic Resource Analyses.

5. Commencement of Informational Presentations/Consultations with Requesting Public Agencies and Organizations regarding the Next Gen System.
6. Initiation of Existing Tower Sites Lease Negotiations with Presentation of Next Gen Project Overview, Proposed Site Development Impacts, Tentative Implementation Schedule, Tower Applications and Site Visits.
7. Initiation of identification of other Motorola Contract Change Orders.
8. Continued work on System Equipment Inventory by Surveys, Cutover, Bandwidth Issues, Talkgroup Templates and Project Budget updates.
