Recommended Action

For information only, no action is required.

Background

At the June 23, 2021 Governing Board Meeting, the Meeting Agenda Policy was updated for minor wording updates along with the form of minutes prepared (attached). The minutes included in this packet have been prepared pursuant to that policy in accordance with the California Government Code.

In addition, the Zoom link for each meeting is posted to the website directly next to the Agenda, Staff Reports, and Minutes for ease of reference on any item. Anyone can click on that link at any time to listen to all or part of a meeting. Once meetings return to being held in person, the audio recording would then be posted in place of Zoom if that form is not continued.
