November 2021 Operations Report

November 2021, the Telecommunications Division provided the following support to MERA

1. We lost communication with the 700Mhz conventional mutual aid radios which only affected gold elite consoles. Resetting all gold elite cards for the 700Mhz radios resolved the issue (common occurrence).
2. The net clock at the Prime site stopped working which provides system timing. A spare net clock was utilized which resolved the issue.
3. Two True Point Transmitters from the Civic Center microwave stopped working. We replaced these transmitters with spares and sent out the two malfunctioning transmitters to repair.
4. We lost a rectifier at Burdell. A spare rectifier was utilized which resolved the issue.
